PANUN KAERGAR SERVICE PROVIDER

Service Agreement

Service Provider Agreement
(Under Indian Contract Act, 1872)

This Service Provider Agreement ("Agreement") is made and entered into on this ___ day of _____, 2026 ("Effective Date"),

BY AND BETWEEN:

PANUN KAERGAR, a platform facilitating home services, having its principal place of business at _____ ("Company" / "Platform"),

AND

_____, S/o / D/o _____,

residing at _____("Service Provider").

The Company and Service Provider shall individually be referred to as "Party" and collectively as "Parties"

1. Purpose and Business Model

PANUN KAERGAR operates a managed home and related-services platform through which customers book services and receive assistance from independent service providers. PANUN KAERGAR manages the customer-facing side of every booking — acquisition, booking, pricing, communication, coordination, payment collection, support, feedback and complaint handling — while the Service Provider is responsible for professionally performing and completing the assigned service in line with the booking details and PANUN KAERGAR's service standards.

2. Independent Contractor Status

The Service Provider is an independent contractor — not an employee, agent, partner, joint-venture participant or legal representative of PANUN KAERGAR — and shall not represent themselves as one. The Service Provider is responsible for their own taxes, licenses, qualifications, tools, equipment and other legal requirements needed to provide their services. Nothing in this Agreement creates an employment, partnership, agency or joint-venture relationship between the Parties.

3. PANUN KAERGAR's Responsibilities

PANUN KAERGAR shall manage the customer-facing and operational aspects of PANUN KAERGAR bookings, including:

- Receiving and confirming bookings;
- Determining and communicating customer-facing prices;
- Assigning suitable Service Providers;
- Customer communication and scheduling;
- Payment collection and settlement;
- Customer support and complaint coordination;
- Service feedback and quality monitoring; and
- Coordination of payment or service-related disputes.

PANUN KAERGAR may modify its operational processes, pricing structures, service procedures and Platform features as its business develops.

4. Service Provider's Responsibilities

The Service Provider shall:
• Accept and complete assigned jobs professionally and within the agreed service time;
• Possess the required skills, experience, tools and equipment for the services undertaken;
• Follow reasonable PANUN KAERGAR service and safety standards;
• Maintain professional behaviour while dealing with customers;
• Keep PANUN KAERGAR informed of delays, inability to complete a job, additional work requirements, damage or other material issues;
• Provide accurate service-completion information and supporting evidence when required; and
• Properly complete the assigned service and take reasonable care of the customer's property and premises.

5. Customer Interaction, Pricing & Payment Discipline

5.1 PANUN KAERGAR manages the primary customer relationship for Platform bookings. The Service Provider may communicate with a customer only as reasonably necessary to perform the assigned service and must maintain professional conduct at all times.
5.2 PANUN KAERGAR determines and communicates the customer-facing price and the applicable Service Provider payout for each booking. Without PANUN KAERGAR's prior authorization, the Service Provider shall not: negotiate, discount or collect an amount different from the company-approved amount; charge for additional work, changes in service or additional materials without first reporting the request to PANUN KAERGAR for approval; or privately collect or arrange payment for a Platform booking.
5.3 PANUN KAERGAR guarantees payment of the company-approved Service Provider amount for every genuine booking created and handled through the official PANUN KAERGAR process, subject to successful completion, verification and any adjustments due under this Agreement. Any amount the Service Provider independently agrees with a customer that differs from the approved amount (an “Unauthorized Charge”) falls entirely outside this guarantee and is the Service Provider's own responsibility. If a customer delays, fails or refuses to pay the approved amount, PANUN KAERGAR will make reasonable efforts to help recover it, but bears no responsibility for any Unauthorized Charge.
5.4 The Service Provider shall not use a customer obtained through PANUN KAERGAR to bypass the Platform, encourage a customer to cancel a booking in order to deal privately, or otherwise act to avoid PANUN KAERGAR's commission or process. A breach of this section may result in penalties where legally permissible, suspension, termination and other lawful remedies.

6. Commission Structure

For every completed PANUN KAERGAR booking, the customer shall pay the approved service charge directly to PANUN KAERGAR. PANUN KAERGAR shall deduct its applicable commission and pay the remaining eligible amount to the Service Provider as their payout.

7. Acceptance, Cancellation & No-Show

Once a Service Provider accepts a booking, they are expected to complete it. If a genuine reason prevents completion, the Service Provider must inform PANUN KAERGAR immediately. Repeated cancellations, refusal to attend accepted bookings, no-shows, unreasonable delays or failure to communicate may result in warnings, penalties, reduced job allocation, suspension or termination, subject to applicable law and Company policy.

8. Service Quality, Conduct, Property Damage & Work Evidence

The Service Provider must perform all services professionally, safely and with reasonable care, and must not engage in fraud, misconduct, harassment or any unlawful activity.
The Service Provider is solely responsible for any damage to customer property or injury caused by their negligence, improper workmanship, misconduct or unauthorized actions. PANUN KAERGAR may assist in resolving such matters but shall not be responsible for damage caused by the Service Provider.
The Service Provider must take before-and-after photos or other suitable proof of the work and relevant property wherever applicable. Any damage, accident or other serious incident must be reported to PANUN KAERGAR immediately.

9. Complaints, Records & Verification

PANUN KAERGAR may investigate customer complaints and may require reasonable evidence of a service's completion and quality — including notes, photographs, customer confirmation, material details or invoices

— for payment processing, quality monitoring, customer support, dispute resolution and audit purposes. The Service Provider shall reasonably cooperate with any investigation or review, provide accurate information and records, and shall not falsify, manipulate or misrepresent them. Where a service was improperly performed, the Service Provider may be required to participate in corrective rework. Repeated or serious complaints, or inaccurate records, may result in reduced job allocation, suspension or termination.

10. Partner Payout & Settlement

The Service Provider shall receive the applicable company-approved payout for completed and verified bookings according to the applicable settlement cycle. PANUN KAERGAR may make legitimate adjustments to payouts for refunds, cancellations, Unauthorized Charges, confirmed damages, penalties, duplicate payments or other amounts properly due under this Agreement, subject to applicable law, and shall maintain appropriate records of bookings and partner settlements.

11. Tools, Materials & Equipment

The Service Provider shall maintain the tools and equipment reasonably required for the services they provide, and ensure their tools, equipment and working methods are safe and appropriate. Materials required for a booking shall be handled according to the process communicated or approved by PANUN KAERGAR.

12. Verification, Onboarding & Quality Audits

PANUN KAERGAR may verify the Service Provider's identity, contact details, service category, experience, qualifications and references, and may review booking, service, payment and customer-interaction records for quality control, verification, dispute resolution and operational purposes. The Service Provider shall provide truthful and accurate information throughout onboarding and the partnership, and shall reasonably cooperate with such reviews. False or fraudulent information may result in immediate suspension or termination.

13. Confidentiality & Customer Data

Customer information obtained through PANUN KAERGAR shall be used only to complete the assigned service and for related operational purposes. The Service Provider shall not misuse, sell, disclose, copy or share customer information, or use it for independent marketing, and shall keep confidential PANUN KAERGAR's business information, pricing, internal processes and other Platform information. These obligations continue after termination to the extent required by applicable law and the nature of the information.

14. Platform Branding & Representation

ssigned booking, but shall not make unauthorized commitments, warranties, refunds, discounts or other representations on behalf of PANUN KAERGAR.

15. Suspension & Termination

PANUN KAERGAR may suspend or terminate the Service Provider's access to bookings — immediately, in serious or repeated cases — for reasons including serious customer complaints, suspected fraud, Unauthorized Charges, commission evasion, customer circumvention, property damage allegations, repeated cancellations or no-shows, serious misconduct, confidentiality violations, safety concerns, false onboarding information, or other material breach of this Agreement; suspension may continue while the matter is reviewed. Either Party may otherwise terminate this Agreement on reasonable notice, subject to completion or appropriate handover of accepted assignments. Termination does not release either Party from liabilities or obligations arising before termination, and clauses relating to confidentiality, customer data, non-circumvention, liability, indemnity, payment obligations and other provisions intended by their nature to survive shall continue to apply.

16. Indemnification & Liability

The Service Provider will be responsible for any loss, damage, claim, cost, or legal issue caused by their negligence, misconduct, fraud, theft, unauthorized actions, property damage, personal injury, violation of law, or serious breach of this Agreement.
PANUN KAERGAR manages the booking, customer communication, coordination, and payment process but does not perform the actual service. The Service Provider is responsible for properly carrying out the service and for any loss or damage caused by their actions or failure to act responsibly.
The Service Provider will protect PANUN KAERGAR from any claim or loss that is directly caused by the Service Provider's actions or negligence, to the extent permitted by law.

17. Force Majeure

Neither Party is responsible for failure or delay caused by circumstances beyond reasonable control, including natural disasters, severe weather, government restrictions, civil emergencies, war, public disorder, epidemics, pandemics, or widespread technical or network failures.

18. Dispute Resolution, Jurisdiction & Governing Law

The Parties shall first attempt to resolve disputes through good-faith communication and internal resolution, and PANUN KAERGAR may coordinate an internal review of customer- or service-related disputes. An unresolved dispute may be referred to arbitration under the Arbitration and Conciliation Act, 1996, as amended, with the seat/venue of arbitration in Jammu & Kashmir, India, unless otherwise mutually agreed or required by law. Courts of appropriate jurisdiction in Jammu & Kashmir, India shall have jurisdiction over matters not subject to arbitration or requiring court intervention. This Agreement is governed by and interpreted in accordance with the applicable laws of India.
